

**Working to stop  
addiction passing  
across  
generations**

The Living Room is a registered  
charity No: 1080634

We provide quality structured treatments, within a friendly day centre environment, for those with addictions. This approach helps prevent the damage to families and children that can often occur when someone enters into a lengthy residential programme. It also allows those attending to apply the lessons of recovery in the context of their daily lives with all its challenges.

We believe that the families of those people with addiction deserve all the support that they can get and to this end we run support groups and counselling services for them too.

So that the parents of young children can attend our services we also run an Ofsted registered crèche.

If you would like to help us in our work saving lives and healing the families of local people, then please complete the standing order below and return to us at **8-10 The Glebe Chells Way, Stevenage, SG2 0DJ.**

Thank you
